

MERCK

six life science brands

at the nucleus of innovation

The life science business of Merck operates
as MilliporeSigma in the U.S. and Canada.

At Merck, we have built a unique collection of life science brands with unrivalled experience in supporting your scientific advancements.

Our comprehensive portfolio offers a complete range of solutions backed by our deep expertise in science and technology, to help you thrive in your vital work.

Sigma-Aldrich®

We provide lab and production materials and support to serve you in your quest for scientific advancement. With an ever-expanding portfolio, we're here to help you make the leap from impossible dream to reality.

**six
life science
brands**

enabling unlimited possibilities

Millipore®

Our ecosystem of industry-leading products and support give you reliability and consistency at every stage to ensure you surpass technical, regulatory and performance standards and keep ahead of the curve.

SAFC®

Whether your process needs customised or ready-to-use raw material solutions, our expert team will tailor high-performance solutions from our comprehensive portfolio to precisely fit your needs.

Milli-Q®

Our lab water solutions deliver the quality you need to ensure accuracy and reliability in your results. Our focus on intuitive, easy-to-use systems allows you to focus on your important projects.

Supelco®

We provide a complete portfolio of analytical products, tested to industry-specific protocols to ensure the highest standards and give you accuracy and precision every time.

BioReliance®

We form powerful partnerships to help you achieve your vital drug development goals, providing pharma and biopharma manufacturing and testing services that help you bring life-changing drugs to market.

Find the right solutions

For your research

Responsive solutions to help you perform at your best as you further your discoveries.

For your safety testing

Solutions with proven precision and accuracy to help you ensure quality, safety and compliance in your work.

For your process development and manufacturing

High-performance solutions that help you minimise risk and get to market faster.

six life science brands
